

null NEU

**Official Student Chapter of null – the
open security community**

Join the null NEU Community Today!

Are you passionate about cybersecurity? Do you want to connect with like-minded individuals and make a positive impact in the field? Join null NEU and become part of one of the most active open security communities in the world!

What is null NEU?

null NEU is the student chapter of null, the open security community.

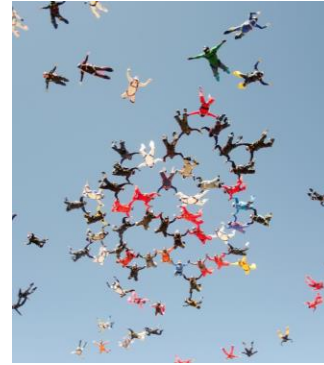

We are a non-profit organization run by student volunteers and officially recognized by the Khoury College of Computer Sciences.

Our mission is to spread security awareness, create a centralized knowledge base for security-related information, and promote advanced security research.

Benefits of Joining

- Networking with like-minded individuals
- Access to information security events and activities
- Opportunities to participate in projects and initiatives
- Professional development and skill-building opportunities
- The chance to make a positive impact in the field of cybersecurity

Opportunities

Attend events and workshops on various security domains

Participate in projects and initiatives

Lead or support events and initiatives

Join committees and contribute to the direction of the chapter

Mentor and guide other members

Events

Past
